When that hearing is called to-morrow, it is more than likely that Herman Clarke, will be found among the defendants charged with grand larceny also by Capitalist David. A warrant was said to have been issued for him yesterday, and to-day Tombs court officers were looking for him.

Mr. David alleges that the firm of La Montagne, Clarke & Co., while he was in Europe last Summer, closed out his accounts, causing him a loss in wheat speculation of \$75,000, the says that his margins on the wheat deal were wiped out illegally.

Mr. Montagne's attorney, Charles H. Russell, and Counseller Elliott Norton, attorney for the Fultons, characterized the action of David as an attempt to force he settlement of what is a civil matter, if a court matter at all, in the criminal courts.
